# TERMS OF SALE

1. A 15% buyers charge will be added to the hammer price of each lot purchased; eBay bidders pay 20%.
2. All bids should be per lot as numbered in this catalogue.
3. Mail Bids should be submitted at least 3 business days prior to the auction session for inclusion.
4. The placing of a bid shall constitute full acceptance of the foregoing Terms of Sale; all bid sheets must be signed by the responsible party. The placing of Live and or Mail bids constitutes a binding contract with SMYTHE. All bids are considered confidential.
5. Phone bidders should contact SMYTHE at least a week prior to the date of sale; phone bids will only be accepted on lots estimated at \$500 and up.
6. Bids less than 60% of the low estimate will not be accepted.
7. SMYTHE reserves the right to withdraw any lot prior to or during the sale.
8. Invoices will be mailed within 7 business days of the conclusion of an auction session.
9. All successful bidders shall be billed for postage, handling and insurance. All lots (with the exception of bulky or oversized items) will be shipped by SMYTHE at the purchaser's expense.
10. In the case of a tie between a mail bidder on the book, a bidder on the floor, and an eBay bidder, the mail bidder shall take precedence.
11. Payment for purchases can be made by cash, check, money order or bank wire upon receipt of invoice. eBay bidders may use Paypal to pay their invoices. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received within 10 days of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases. A storage fee of \$10 per day will apply if lots are not picked up or shipped within 30 days of the conclusion of the auction.
12. A \$100 charge will be applied for any check that fails to clear.
13. New York State sales taxes or other state sales or use taxes shall be levied as required by law. Dealers and other non-residents are reminded that sales tax must be collected unless Form ST-120.1 has been filed properly, under state regulations.
14. Lots will be shipped within 10 business days after payment is received. Lot pick up is available but you must call one day in advance. To receive tracking information include your email address on your bid sheet.
15. Check your bid sheets and online submissions carefully. SMYTHE cannot assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your bid sheet is signed. In addition, SMYTHE has no jurisdiction over bids placed with eBay.
16. Prices Realized for each auction are posted within 72 hours on our website, [www.smytheonline.com](http://www.smytheonline.com)
17. Prices realized may be higher or lower than published estimates depending on wholesale and retail market conditions at the time of the auction. Where non-published reserves exist, the auctioneer may make bids in response to others. SMYTHE reserves the right to include its own material in its auctions, as well as to bid on any item in its sales. SMYTHE has advanced money (where requested) to consignors and in addition has agreed to extend credit to purchasers who have made arrangements prior to the sale. SMYTHE has the right to charge interest on all loans and advances.
18. SMYTHE cannot be responsible for the loss of any merchandise shipped outside the United States.
19. All framed and over sized items are shipped at the purchaser's risk.
20. SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at SMYTHE'S sole discretion.
21. A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet or completed the online registration process.
22. United States coins and currency will not, in conformity with law, be opened at less than face value.
23. No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.

24. All bids must be in whole dollar amounts; this includes percentage increases.

25. No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.

26. Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

27. If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgment shall be borne by the defendant.

28. The signer of a SMYTHE bid sheet or participant in the auction consents to the exclusive jurisdiction and venue of the state and Federal courts of New York, New York and agrees that these Terms of Sale shall be governed by and construed in accordance with the laws of the State of New York, without giving regard to the principles of conflicts of law. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

29. SMYTHE may reopen the bidding on a lot under the following circumstances: a) SMYTHE has failed to execute correctly a mail bid. b) A party purchasing the lot on the floor has done so in error. c) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. d) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. e) At the discretion of the auctioneer.

30. In the event of dispute, the auctioneer's decision is final.

31. No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

32. In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

33. The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

34. SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

35. All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

36. All material in this catalogue is unconditionally guaranteed to be genuine. We will not knowingly sell any item that has been "repaired", "restored", "processed", "cleaned", "pressed", or "conserved" in any way without disclosing those facts to the potential buyer.

37. Agents who bid from the floor for clients should examine the lots carefully, and are reminded that no lots may be returned by floor bidders except for non-authenticity. Lots described as "repaired", "corroded", "holed", "whizzed", or like damage may not be returned for any reason except non-authenticity.

38. In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

39. Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Third-party graded coins (i.e. PCGS, NGC, ANACS, ICG) are sold as is, no returns. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it. Lots sold with the proviso 'sold as is' cannot be returned. Lots valued primarily for their bullion content may not be returned.

40. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

# ebay BIDDER FAQ

## **How can I see a better image of this lot?**

### **Or get a scan of a piece that is imaged?**

We generally image every lot that we are selling. Please see our eBay listings at [www.ebayliveauctions.com](http://www.ebayliveauctions.com). For questions about a particular lot please call the Information Desk at 800-622-1880.

## **Why didn't my tie-bid win this lot?**

Smythe awards tie bids to bidders who send in mail bids in advance of the sale.

## **How I can save 5% by bidding through the Smythe web-site?**

Visit the Smythe website at [www.smytheononline.com](http://www.smytheononline.com) and click on "Current Auctions"; this will enable you to place bids in advance of the sale through our secure bidding site. This is not the same as real time bidding through eBay live, it is a Smythe run website and thus you will not have to pay the eBay surcharge.

## **Why should I trust Smythe?**

Smythe has been in business for over 125 Years, and has a sterling reputation in the numismatic auction field. We have conducted hundreds of auctions and have represented institutions, museums and governments. For Testimonials from Smythe clients see the "Testimonials" page on our website at [www.smytheononline.com](http://www.smytheononline.com).

## **How does an eBay Live Auction differ from an eBay Auction?**

eBay live is conducted in real time, and requires participants to register in advance of bidding.

## **How can I receive notice of upcoming Smythe sales?**

All future Smythe auctions are posted on our website, [www.smytheononline.com](http://www.smytheononline.com). To be added to our email contact list please send a brief message to [info@smytheononline.com](mailto:info@smytheononline.com).

## **How can I be added to Smythe's mailing list?**

Please send an email with your name, address, and phone number to: [info@smytheononline.com](mailto:info@smytheononline.com).

## **How can I determine the current bid for a lot?**

Smythe does not offer this information since that data is constantly changing. Starting bids are given when lots are opened by the auctioneer.

## **Help! I mis-bid on an item via eBay!**

Unfortunately, we have no control over bids placed through eBay.

## **Can you tell me what I bid on an eBay lot?**

No, we do not have access to any information entered on eBay's site until the auction is being conducted.

## **I want to bid on two items, but I only want to win one.**

In this scenario it is better to place bids directly with Smythe, as we will handle this type of bidding with the utmost care. Please call us at 800-622-1880 to place an "either-or" bid.

## **What about placing a "limit" bid?**

If you have a budget for your auction spending you can submit a bidsheet with a "limit" amount. We will bid on your behalf up to that amount. Please list your bids in priority order. The buyer's premium will be added to the total spent on merchandise.

## **How do I pay for my merchandise?**

You will be invoiced shortly after the conclusion of the auction. Smythe accepts personal checks, money orders and Paypal payments for those who bid through eBay Live. Bank Wires can be sent after contacting the Accounting department at 800-622-1880.

## **Will I be charged Sales Tax?**

Sales Tax will be added to invoices of New York State residents who do not provide a valid resale certificate. To submit a Resale Certificate please fax a copy of the original document to the Accounting Department at 212-312-6300.

## **How is the shipping and insurance amount calculated?**

Our software takes into account the size and shape of the item, the cost of the postage, and the value for insurance purposes. Packages are well insulated against weather and transportation rigors. If you experience any problem with your shipment please call us immediately at 800-622-1880.

## **Where can I see Prices Realized for the entire sale?**

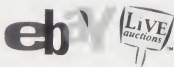

Prices Realized for each sale are posted on Smythe's website at [www.smytheononline.com](http://www.smytheononline.com).

# TERMINOLOGY

## For Currency

GEM UNC. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.

CHOICE UNC. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.

UNC. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.

CHOICE AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.

AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.

EF (Extremely Fine) - An item which may at first glance look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.

VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.

F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.

VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.

GOOD - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.

FAIR - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.

POOR - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.

PLUS OR + (following a grade) - A shade better than the grade.

VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.

## THE HERB & MARTHA SCHINGOETHE COLLECTION

The Herb and Martha Schingoethe Collection is unmatched in both its vastness and its completeness. Together, Herb and Martha collected over thirty thousand different obsolete notes, acquired over a period of several decades. When Herb first spoke to us about selling the collection, he voiced several concerns. Herb did not want all of the notes sold at once. He wanted each sale to have something for everyone. We will abide by his wishes. It was always Herb's intention to write a book on Illinois paper money. We will publish it and dedicate it to Herb and Martha.

This April sale, Part 10 of this groundbreaking collection, continues the tradition of exceptional rarities and choice notes from many diverse series. This sale features a section of Illinois notes from Herb's core Illinois collection that were treasured by Herb and Martha. This sale also contains notes from the North, South and Midwest, including many great rarities from Connecticut, Illinois, Maine, Michigan, New York, Ohio and superb Wisconsin notes. Many well vignetted and choice proof notes that Herb and Martha prized are also featured. There is also a mailbid section offering more modestly prized banknotes and related items.

For the most part, there are very few duplicates in the collection, but in a collection of this size and scope they were bound to miss a few. There are cases where the collection contains both Proofs and issued examples of the same note. Herb and Martha did not mind having both. The Proof sheets that they purchased from the Christies ABN archive sale were, for the most part, not cut into individual notes. This means that there is some duplication where the same Proof note appears more than once on a sheet.

The estimates in this catalogue represent our best professional opinions as to what we think the notes will bring. Please keep in mind that these are estimates, and not predictions. Many of the notes presented here have not appeared in auction sales for decades, if at all. There is a good chance that they might not be seen again for many more decades. In cases like these estimates often are exceeded, so we advise bidding in the higher end of the range or well in excess of it.

The catalogue descriptions and prices realized will be invaluable to future generations of collectors. For that reason, we will produce each portion of the Herb and Martha Schingoethe Collection in its own separate auction catalogue. We will publish an index to the entire series after the last note is sold.

If you are serious about collecting obsolete currency, this is one series of sales you will not want to miss. Anticipate a great deal of competition, and bid accordingly, especially on rarities.

Please direct any questions about the collection to me. I will be happy to assist you.

I wish each and every bidder the best of luck.

# HERB AND MARTHA SCHINGOETHE

## “Passionate Collectors”

On Friday, March 18, 2005, one of the greatest collectors of obsolete currency who ever lived, Herbert Schingoethe, of Aurora, Illinois, passed away, and left us all with a void that will be almost impossible to fill.

It all started back in 1924 when a seven-year-old boy on a small farm in Aurora looked down and discovered an arrowhead. He was a boy with an insatiable curiosity, and a deep interest in learning about everything around him. He was born with the need to collect things, to organize them, and to learn what he could about them.

Learning was a life-long passion for Herb, but his formal education did not come easy. His father was out in the fields one day when his arthritic hip gave in. Herb had to carry him into the house. His father never farmed again, and Herb had to leave school to help his four brothers farm the family acreage. Herb eventually earned a high school diploma by attending school at night. One of the proudest moments of his life must have been the day that he and his second wife, Martha both received honorary Doctor of Humane Letters degrees from the Aurora University, many years later.

Herb moved out West, and found challenging work in Colorado, managing cattle ranches. His responsibilities required an intimate knowledge of irrigation and water rights. He had to lead, manage, and gain the respect of the men around him. While in Colorado, Herb pursued his passion for collecting, finding Native American Indian artifacts, coins, deer and elk horns, barbed wire, marbles, and, of course, paper money.

As a guitar player and square dance caller, Herb easily made friends. He always enjoyed meeting people and finding out what they were interested in. These attributes would serve him well when he moved back to Illinois to manage farm property there. It was while he was farming in Illinois that he met Martha Dunham.

Martha's background was very different from Herb's. She was a life-long resident of Aurora, Illinois. In 1907, Martha's father founded Equipto, a steel shelving and industrial equipment company. Equipto was a successful enterprise, and Martha's father had the means to send her to Wheaton College, where she earned a bachelor's degree. Martha married and raised two children. Martha eventually went to work at Equipto. She rose through the ranks from sales manager to corporate secretary. Eventually, she became chairman of the board.

It was sometime after her first husband passed away that Martha met Herb. At that time, Herb was managing some farm properties in Aurora. They met, talked, and found out that they had several things in common. They continued to see each other. Martha was the organist at the New England Congregational Church in Aurora. She loved all kinds of music. Herb played the guitar, liked music, called square dances, and shared the same religious

convictions that Martha did. Martha loved to travel; Herb also loved to travel. Herb collected things; Martha had a keen appreciation of the artistic merit of many of the things Herb collected. Together they became a team, known affectionately throughout the paper money collecting community as 'Herb and Martha'.

After Herb and Martha were married they traveled to over a hundred countries, learning about different cultures, and adding to their collections. They were most passionate about Native American artifacts, and their desire to help others learn about America's original inhabitants prompted them to found the Schingoethe Center for Native American Cultures at Aurora University.

When it came to coins and paper money, Herb collected almost everything, but it was obsolete currency that Martha liked most of all. She fell in love with the incredible diversity of issues, and with the artistic quality of the vignettes on the notes. She enjoyed meeting and dealing with the people who bought and sold obsolete currency. She had the skills and the energy required to organize and maintain a collection that was growing rapidly. Herb had the passion to collect on a grand scale. Their combined energies made it all possible.

Martha passed away in February of 2004. She was a kind, beautiful, generous and caring person, and she is greatly missed by all of those who knew her.

Herb felt that he still had a lot of work to do. He planned to help us write and publish a book on Illinois obsolete notes. He maintained his house, his farm, and the church gardens. He corresponded with collectors and dealers all over the world. He read voraciously. He continued to collect, but he began to focus in on more specific objectives.

If you had asked Herb to define himself in just one sentence, he would have said, "I am a natural born collector". No one collected obsolete currency with more passion, and more success, than Herb Schingoethe, and once Herb made up his mind that he wanted a note, he went after it until he got it.

At auctions, this could be quite irritating, especially if you were competing against him for something you wished to acquire. After Herb won a particularly rare and valuable lot, he would often console his competitors by telling them "Don't worry, you are young. You will get another chance". He was true to his word. Here is your chance.

That is what why we are dedicating this catalogue to the memory of Herb Schingoethe. He was a wonderful husband, a great supporter of his community, a remarkable collector, and a very nice person.

## Illinois

## Classic Alton Bank Proof

- 3020 IL. Alton. Alton Bank. \$5. 1850s-60s. (IL-20 G8a). Red FIVE overprint. **Proof** on India paper. **Haxby Plate Note.** Ceres floats with eagle and cornucopia, top right; state die, top left; oval portrait of young woman, left; five allegorical females in large medallion '5', right. This bank was a rare survivor of the mass of bank failures and closings in 1861. As such, its notes were redeemed at par when it converted to national bank status in 1865. Therefore, issued notes are likely extremely rare, if known at all. A proof on this institution is about the best that a collector can hope for, even with slight damage, such as this example. Matches nicely with our offerings of \$1 \$2 and \$10 notes from this bank in recent sales, that netted from just over \$400 to over \$1200. RWHE. VF-EF, a 1 tear extends from the bottom edge through the left punch cancel. **(\$350-550)**

- 3021 IL. Alton. Alton & St. Louis Packet Co. 50¢, 1860s. Side-wheel steamer at center. Fully issued and pleasing example, with sharp pen signature of W. H. Reid and serial number. Until a census is attempted for the state of Illinois, scrip notes such as this should be considered sleepers and represent a great opportunity. Scrip are among the last frontier of unexplored numismatic areas, and even a beginning collector with modest means can enjoy building an award winning collection. **Fine**, some back soiling. **(\$250-350)**

## Lovely Early ABN Product

- 3022 IL. Anna. Wheat Growers Bank. \$5. 1850s-60s. (IL-25 G6). **Proof** on India paper. **Haxby Plate Note.** Commerce and Industry seated, anvil between. Auditor's die at lower right. A classic agrarian title graces this note. The bank opened in October 1859 and lasted just one and a half years, succumbing to collapsing bond prices that obliterated its portfolio of Tennessee, Virginia and Michigan bonds in 1860 and 1861. This proof, unlike issued notes, is without a red overprint. Highly presentable and worthy of exhibition. \$1 and \$2 examples from this bank were offered in our recent sales, realizing \$1,035 and \$747.50, respectively. **ABN. Uncirculated**, stamp hinge mounting remnants on back. **(\$350-550)**

## Nail Company Scrip

- 3023 IL. Belleville. Belleville Nail Co. 25¢. 1870s. Green '25' overprint and paper. Young woman with child. Late issue scrip redeemable in merchandise at the company store. Attractive lithographic layout and a splash of color make this a desirable piece, perhaps the only notes from any such manufacturer. A similarly graded ten cent note from Sale 268 realized \$920. **Fine.** **(\$300-600)**
- 3024 A Trio of St. Clair Savings and Insurance Co., Belleville, Scrip. 1) 5¢, November 15, 1862. **Fine**, pinholes. 2) 25¢, Oct. 25, 1862. **Fine**, pinholes. 3) 50¢, Oct. 25, 1862. **Fine**, pinholes. [3] **(\$350-550)**
- All typeset, with rubber stamp encircling company name and hand written serial number. Issued during the small-change crisis in late 1862, when merchants of all walks met the challenge with producing their own scrip. A well-matched set.

- 3025 IL. Belleville. Southern Bank of Illinois. \$2. 1850s-60s. (IL-35 G4). **Proof** on India paper. **Haxby Plate Note**. Indian reclines on cliff overlooking river and civilization beyond, top; young woman with sickle holds geometric lathework counter with '2', upper left. An attractive example from the first location of this bank, where its office was situated from 1852 to late 1855. The bank survived an additional five years at its new location in Grayville, when it was wiped out along with scores of other banks due to collapsing bond prices. Well-matched examples of \$1, \$5 and \$10 notes from this bank were offered in our recent sales, and were rather popular, realizing \$920, \$1,495 and \$1,725, respectively. This \$2 would complete the set for this bank, and should prove to be every bit as popular. TCC. Uncirculated. (\$350-550)

### Unique For The Bank

- 3026 IL. Belvidere. Belvidere Bank. \$1. Nov. 4, 1853. (IL-40 G2 SENC). Red ONE overprint. Indian looks out on civilization from cliff, top; Industry seated with hammer and anvil, lower left. Auditor's die at lower right. Extraordinary lone example of the Belvidere Bank in northern Illinois. **Haxby shows the bank completely unrepresented by any known survivors**, proof, issued or remainder. He further indicates that it closed in 1855, which, if correct, would help to explain its extreme rarity. We are indeed fortunate that not only does this note exist at all, but that it is clean and solid, with strong pen signatures and serial number. Truly a landmark Illinois state bank note, which would certainly see five-figure action if it was a national bank note. TCC. **Fine**, scattered pinholes. (\$200-400)

### High Denomination Survivor

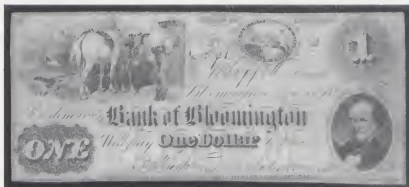

- 3027 IL. Benton. Frontier Bank. \$10. Aug. 4, 1857. (IL-50 G4a). Red TEN overprint. **Haxby Plate Note**. Indians atop cliff with teepee gaze on train and town below, upper left; Indian warrior, lower right. A rare high denomination survivor from this failed bank. The bank opened in August 1857 and lasted just three and a half years. Its portfolio of southern states bonds was hammered in the financial markets in 1860, forcing the bank to close, and ultimately resulting in its notes being worth just 53 cents on the dollar. Still, this note represented a substantial sum in 1861. A very presentable example and worthy of an impressive collection. BC. **About Fine**, scattered pinholes and trimmed in a bit, top and bottom. (\$200-300)

### Classic ABN Design

- 3028 IL. Benton. Union Bank. \$1. 1860s. (IL 55 G2). **Proof** on India paper. **Haxby Plate Note**. Young woman rests head on sheaf of wheat, upper left; farmer rests with sheep and dog, upper right. A wonderfully balanced and attractive layout, in every respect matching the \$2 note offered in Sale 265 and realizing \$920. According to Haxby, the bank only issued \$1s and \$2s, so this is likely to be the last offering from this bank for some time to come. ABN. AU, mounting hinges on verso; minor stain at right. (\$425-625)

### Full Tint Delight

- 3029 IL. Bloomington. Bank of Bloomington. \$1. Nov. 20, 1861. (IL-60 G2a). Orange undertint. **Haxby Plate Note**. Man with grain sack on shoulder, horse and colt, upper left; oval male portrait, lower right. Stunning ochre tint provides counterfeit deterrence to a well executed layout. The note has good body and strongly penned signatures, date and number. This bank was not among the many failures of 1861, and was known to honor its notes within succeeding institutions as late as 1870. A \$2 note was offered in Sale 265 and realized \$977.50. This note is a good match. TC. **Fine**. (\$225-425)

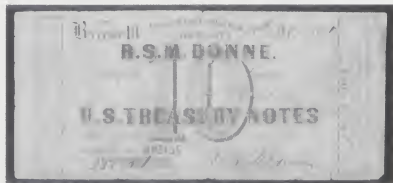

- 3030 A Pair of LaFayette Bank \$5 Counterfeits 1) Bloomington. \$5. 1850s. (IL-65 C8a). Unissued remainder. Wagons hauling provisions at center; train in oval at lower left; Auditor's die at lower right. DW/ABN. VF. 2) \$5. Aug. 4, 1859. (IL-65 C8a). As previous, but signed and numbered. DW/ABN. EF-AU, hinge remnants on back. [2]**

**(\$200-400)**

These counterfeits might have passed by those unaccustomed to ABN products, but an experienced banker would have seen the shortcomings instantly. A counterfeit detector of the era might have failed its reader, as they had only written descriptions, which these notes matched.

- 3031 A Quartet of Blank Scrip Notes from Bloomington, McLean County, With Various Denominations. 1) Bloomington. 10¢. 1830s. Unissued remainder. Woman standing at center with farmer and town in background. AU. 2) 25¢. 1830s. Unissued remainder. Early train at center. AU. 3) 50¢. 1830s. Unissued remainder. Steamer and sailing ship at center. AU. 4) \$1. 1830s. Unissued remainder. Steamer and sailing ship at center. AU. [4] **(\$300-500)****

Early merchant scrip, the 10¢ and 25¢ notes being an uncut pair. Redeemable in "merchandise" or bank notes of the state. Not being signed, the intended issuer remains unknown.

- 3033 IL. Byron. Savings Bank. \$3. 1850s. Red THREE overprint. Unissued remainder. Train, top; woman with shield, left; Franklin in cartouche, right end. A private issue of a merchant under the pretext of being a bank. His store in Byron was located southwest of Rockford. Langdon & Rounds. F-VF, short internal spindle tear near center.**

**(\$200-400)**

### Utilitarian Emergency Scrip

- 3034 IL. Cairo. Bernard Smyth & Co. Wholesale Grocer. 10¢. Dec. 1862. Green "10" on back. Hand with "10" on card, center; man at letter box for printing press, left; man setting type, right. A rare and pleasing note from this wholesale grocer from Cairo. Issued in late 1862 toward the end of the small-change crisis. The interesting choice of vignettes almost seems as an advertisement for the local printer who prepared these notes. The larger format was also a convenient departure from the usual diminutive change scrip of the era. Well styled and worthy of any collection. VG, numerous pinholes and small internal tears.**

**(\$150-250)**

- 3032 IL. Bruce. R.S.M. Donne. 10¢. Nov. 18, 1862. Change Check, payable in U.S. Treasury Notes or Postal Currency. This style of notes was used by several issuers in Illinois, and assembling a collection of these would prove to be challenging and rewarding. This is a nice clean example. Interestingly, it has the same serial number as a five cent note of another issuer offered in Sale 265. Likely a bargain no matter what it brings. Chas. Robins. About Fine, heavy mounting remnants and small internal splits **(\$150-300)****

## Cairo Proof

- 3035 **IL. Cairo.** City Bank of Cairo. \$5. 1850s. (IL-85 G8a). Unissued remainder. **Haxby Plate Note.** Men with horses, sheep and dog, top right; young girl in oval, top left; young woman in oval, lower right. If it was not for the poor trimming, this otherwise delightful ABN rendition would yield a strong price. Just a few remainders are known from this bank, which is not surprising, since it redeemed at par and became the City National Bank in 1865. Be careful not to let this note's problems stand in the way of acquiring a rare piece of history. TC. VF-EF, miscut into top and right margins. **(\$150-250)**

## Well Styled Cairo Scrip

- 3036 **IL. Cairo.** Hamilton & Reilly. 25¢. December 9, 1862. Eagle with ribbon, top; sailor with American flag, left; game birds, lower right; bull's head, upper right. An attractive product of the same printer who made the Bernard Smyth scrip above. Hamilton & Reilly were dealers in dry goods and furniture. Scrip such as this were probably seen throughout Cairo from a multitude of merchants. This sale offers two pieces toward a collection of these fascinating notes. **Fine**, rear backed with stamp hinges. **(\$250-350)**

- 3037 **IL. Carmi.** Merchants Bank. \$5. Sep. 1, 1859. (IL-110 S5a). All green, except for the title and town. Covered wagons, carts, men and animals, top; train in oval, lower left. A spurious example in the style of the Lafayette Bank of Bloomington notes previously offered. DW. VF, choice for the grade. **(\$250-350)**

## SENC in Haxby

- 3038 **IL. Carmi.** Peoples Bank. \$2. Oct. 3, 1817. (IL-115 G4 SENC). Large geometric lathwork counters, left and right, with portraits of young women at bottom. They are Dolly Madison at left, and Kate Sherrill at right. A very rare note, not being known to Haxby, and not surprising, considering the bank was open just over two years. Its notes were redeemed at 94 cents on the dollar after failing. This example is solid and very presentable, with good signatures, date and serial. From a 1990 NASCA sale. DW. **Fine**, pinholes.

**(\$150-250)**

## Scarce Farmers' and Traders' Bank

- 3039 **IL. Charleston.** Farmers & Traders' Bank. \$3. Oct. 1, 1853. (IL-120 G6). Train vignette at top; Henry Clay portrait at right. This bank was another victim of falling asset prices, failing in 1861, leaving its notes worth just 50 cents on the dollar. A splendid example from the bank with the desirable \$3 denomination and moderate wear. RWHE. **Fine**, pinholes. **(\$300-500)**

- 3040 **IL. Chicago.** A. G. Downs & Co. 50¢. 1861. Red frame, counters and protectors. Farmer and blacksmith standing, top; Justice, left; small train, bottom right. Remainder note from the store of A. G. Downs, dealer in dry goods on Lake Street. Dated 1861, a bit rare for change scrip. Red accents make this an attractive note. **Barnet. Uncirculated.**

**(\$200-300)**

## Scrip Note Error - FIFTY CENTS

- 3041 IL. *Chicago*. A. G. Downs & Co. **50¢**. 1861. Red frame, counters and protectors. Similar to the previous offering, but the typesetter misspelled the denomination in a dramatic fashion. Likely corrected before any of these were actually issued, and should be considered rare or unique. Definitely an item for the error note specialist. (**\$200-300**)

## Fractional Currency Styled Scrip

- 3042 IL. *Chicago*. J.W. Bobzien. **25¢**. July 15, 1878. Green undertint. Allegorical female with crown of stars, upper left; young child's head, lower right. Left vignette borrowed from the Forth Issue 15c Fractional Currency. Good for 25 cents as partial payment for one ton of hard or soft coal, with only one note permitted per transaction. Expired as of July 15, 1878. Numbered and issued, a great coal scrip item. Lichner Bros. F-VF, light soiling. (**\$200-300**)
- 3043 IL. *Chicago*. Brinks C.C. Express Co. **10lbs**. 1870s-80s. Red 10 overprint. Prepaid Parcel Stamp. Man driving horse and cart with 'Brinks Express' on side... "prepays a parcel of 10 lbs. or under, within the city delivery limits..." VF, soiled front, stamp hinges on back (**\$150-250**)

## Likely Unique Survivor

- 3044 IL. *Chicago*. City Bank. **\$5**. July 15, 1852. (IL-140 G8). Sailing vessels on the ocean, bottom center; allegorical female seated in large medallion, '5', lower right. Impressive is just one superlative of many that can be used to describe the rarity and survival of this note. Haxby pictures this exact note, and lists every other emission as SENC. This is probably the only game in town for this bank. And, no wonder. The bank lasted just three years, and its notes were good for full face value. Ensured to be a rarity forever. **Fine**, pinholes, moderate foxing throughout. (**\$225-325**)

MAIL BID SALE CLOSING:

Conducted By: **LIVE AUCTIONEERS**

- 3045 IL. *Chicago*. City of Chicago, Municipal Board. **\$50**. Oct. 25, 1880. Brown back. Eagle atop shield, arrows and olive branch, lower left; America standing, right. A twenty year bond, hand signed by the mayor of Chicago. WBN. VF-EF, POC. (**\$150-300**)

## Charming Four Cent Note

- 3046 IL. *Chicago*. Frederick Edler. **4¢**. 1850s-60s. Unissued remainder. Eagle at center. Ornate border surrounds typeset text. One of the rarer denominations to be found on Illinois notes, and an attractive note at that. Edler was a grocer, and traded groceries for farmers' produce or bought them outright for the "highest market prices." **Uncirculated**. (**\$150-250**)
- 3047 IL. *Chicago*. Geo. Randolph. Illinois & Michigan Canal. **\$3**. March 2, 1840. Man with horse and cart. Woodblock and typeset elements. George Randolph decided to be an intermediary for Illinois & Michigan Canal six percent scrip. His notes were denominated in small amounts, and payable when \$100 worth of notes were presented. This note is sound and very presentable. **Fine**, pinholes. (**\$100-200**)

## Chicago Proof

- 3048 IL. *Chicago*. Marine Bank. **\$1**. 1850s. (IL-165 G2). **Proof** on India paper mounted on card. **Haxby Plate Note**. Sailing vessels in harbor, top; sailor with U.S. flag, left. Haxby lists quite a few emissions, but most are SENC. This appears to be the only proof specimen represented from the bank. A pleasing note, and a good opportunity. TCC. VF, light aging throughout, trimmed close in spots. (**\$250-450**)

- 3049 IL. Chicago. Marine Bank. \$3. Jan. 1, 1864. ABN reprint on card. Triton and Liberty in chariot pulled by sea horses, sea nymphs, top; Constitution in oval, lower left; portrait of young woman, right. ABN. Uncirculated. (\$125-225)

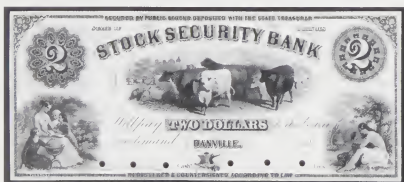

## Early Chicago Proof

- 3050 IL. Chicago. Phenix Bank. \$1. 1850s-60s. **Proof** on India paper. **Haxby Plate Note.** Eagle atop rock, sailing vessels behind, top; Justice with '1', lower left; oval female portrait, lower right. A fine example from this short-lived bank, which was open from 1853 to 1855. The only notes available are likely those pictured in Haxby, of which this is one. A \$3 and \$5 proof were offered in recent sales, realizing \$747.50 and \$632.50, and the \$2 remains SENC in Haxby. This \$1 note is the final opportunity to acquire a note on this bank for the foreseeable future. TCC. (\$200-300)

- 3051 A Pair of Wm. M. Ross and Co. Scrip Notes. 1) Chicago. 25¢. 1860s. Red "Twenty Five". Farmer and mechanic at center; Woman and clerk in store, at left; schoolgirl saluting in oval at right. VF. 2) 50¢. 1860s. Red "Fifty". As above. A charming pair of issued and cancelled scrip from the dry goods store of William Ross. F-VF, POC, some foxing. [2] (\$300-400)

## Superb Stock Security Bank Proof

- 3052 IL. Danville. Stock Security Bank. \$2. 1850s-60s. (IL-205 G4). **Proof** on India paper. **Haxby Plate Note.** Cattle, center; young woman instructing youth, lower left; Indian maiden with child, lower right. The Stock Security Bank opened in 1852 and closed in 1857, leaving noteholders 88 cents on the dollar. A few issued notes are known, and a few proofs. The \$1 and \$5 proofs were offered in Sales 265 and 268, yielding \$997.50 and \$488.75. This \$2 note is lovely in many respects, and would make a fine addition to any collection. DB. AU, stamp mounting hinges, small stain left. (\$450-650)

- 3053 IL. Decatur. Millikin & Odor, Bankers. 50¢. Oct. 1, 1862. Unissued remainder. Stag at center. Small change scrip prepared for the crisis in 1862. While most issuers were merchants, some bankers also sought means to alleviate the crisis. Corlies & Macy. Uncirculated, corner mounting remnants. (\$150-250)

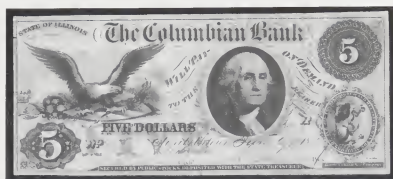

- 3054 IL. Dixon. The Dixon Hotel Co. \$3. 1837. Unissued remainder. Three cherubs with stone tablet in clouds, top; three Spanish eight reales, left; Art, right. From the era before free banking got off the ground, the company was chartered by the state. Durand. Uncirculated. (\$150-250)  
Ex. NASCA, The New England Collection Sale, Jan. 23-25, 1978, Lot 835.

- 3055 IL. Dunton. J. N. Olmsted. 50¢. 1861. Red frame, counters and protectors. Unissued remainder. Farmer and blacksmith standing, top; Justice, left; small train, bottom right. Laid up from the same form as the Chicago scrip of A. G. Downs, this also was prepared for a dry goods merchant. Dunton is now known as Arlington Heights, just northwest of downtown Chicago. Simple and attractive. Barnett. EF-AU. (\$250-350)

## Bold Eagle &amp; Washington Portrait

- 3056 IL. *Elizabethtown*. Columbian Bank. \$5. June 24, 1857. (IL-235 G6a). Red FIVE overprint. Large Washington bust in oval, center; eagle with wings outstretched, left. Opening in June 1859, this bank crashed along with most in the turmoil of 1861. Its portfolio of collateral security left noteholders with just 73 cents on the dollar. This issued \$5 note was therefore worth \$3.65 at the Auditor's office, but never found its way to redemption. A rare note, fairly solid, and about the best that may be found from this institution. ABN. F-VF. **(\$200-400)**

## Stunning Color Proof

- 3057 IL. *Elizabethtown*. Shawanese Bank. \$2. 1850s-60s. (IL-240 G6a). Green counters and protectors. **Proof** on India paper. Young man on horseback with cattle, top; young woman in oval, lower right. A gorgeous proof with colored accents on the counters and central protector. And, a popular item, judging by the results of our recent previous sales, where \$1 and \$5 proofs were sold for \$2,070 each. The Shawanese Bank was open for less than a year, failing in 1861. Issued notes were reduced to 63.5 cents on the dollar. Issued notes are available, but are typically found in much lower grade. Suitable for the best of collections. ABN. EF-AU, stamp hinges on back, small bald spot in the top border.

**(\$500-1,000)**

- 3058 IL. *Elizabethtown*. Shawanese Bank. \$3. April 12, 1860. (IL 240 G6a). Green counters and protectors. Man with horse at trough, top; oval portrait of young child with necklace, lower right. Issued example from the Shawanese Bank, exhibiting a fair amount of wear. After the bank failed in 1861, this note could have been redeemed for \$1.90. Green accents add class to a classic layout of the era. ABN. VG-F, scattered pinholes and internal splits. **(\$400-600)**

## Unequaled Equality Note

- 3059 IL. *Equality*. Illinois State Security Bank. \$10. Jan. 4, 1887. (IL-250 G4a). Red end panel protectors. **Haxby Plate Note**. Two young cherubs flank seated Liberty, top; oval male portrait, lower right. Bold red panels adorn this rarity from the pleasantly named village of Equality. The bank was open for less than two years, from June 1859 to spring 1861, its portfolio of bonds being ravaged despite having a fair proportion of Illinois stocks. This note, the Haxby Plate Note, was still good for \$7.30 after the bank closed, which represented a respectable sum. Haxby indicates the bank issued only \$5s and \$10s, with only proofs known in \$5s. This could be the only issued note known on the bank, and is very presentable as such. Full of history, rarity and style, which means it belongs in the best of Illinois collections. ABN. Fine, with a few pinholes. **(\$150-250)**

- 3060 A Set of Four Wm. P. Malburn Red Scrip Notes. 1) *Freeport*. 5¢. 1860s. Unissued remainder. **Uncirculated**. 2) 10¢. 1860s. Unissued remainder. **Uncirculated**. 3) 25¢. 1860s. Unissued remainder. **Uncirculated**. 4) 50¢. 1860s. Unissued remainder. **Uncirculated**. [4] **(\$200-400)**

A charming complete collection of scrip prepared for William Malburn, a merchant in Freeport. Interestingly, the 5¢ and 10¢ pieces are **coin notes**, featuring the reverses of Seated coins of the era, but with wording "Five Cents" and "Ten Cents" instead of the usual "Half Dime" and "One Dime." These notes are printed in all red, and make an attractive set.

- 3061 IL. *Galena*. H & I. 12 1/2¢. 1830s. Unissued remainder. Man at well with cart and oxen. Good for one bit in goods or current bank bills at the store of H&I, whose monogram appears at the left end. Worthy of some research to determine exactly who were the proprietors. A rare, early Illinois piece. F-VF, hinge remnant. **(\$300-500)**

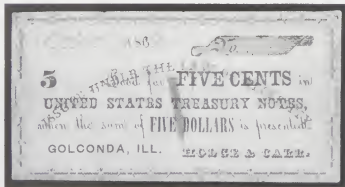

- 3062 IL. Galesburg. Sydney, Myers & Co. Bankers. \$3. 1860s. Green undertint. Unissued remainder. Men gathering corn, horse and cart, center; young woman feeds horse, upper left; eagle with shield, lower right. Attractive banker scrip from this northwestern Illinois location. A nice match to the \$2 note offered in Sale 268. **Fine**, edge splits. (\$250-350)

### Pleasing Late ABN Product

- 3063 IL. Geneseo. Peoples Bank. \$1. April 1, 1864. (IL-300 G2b). Green 1 and ONE outlined. Unissued remainder. **Haxby Plate Note**. Lovely ABN product with vignette of boy watering horse at a stream with his dog at his side. The note is dated near the end of the free banking era, and given that this note, with low serial 555, is a remainder, it would seem that this bank issued few if any notes. An examination of the Auditor's books would tell us the full story. Regardless, this remainder is bright and choice, from the same sheet as all the notes plated in Haxby. The \$5 note from this bank offered in Sale 265 realized \$805, and a \$2 note in Sale 268 brought \$862.50. This pleasing example may find a home at a similar price. ABN. (\$250-350)

### Payable in U.S. Treasury Notes

- 3064 IL. Golconda. Hodge & Carr. 5¢. Oct. 21, 1862. Red V and frame. Typeset, with decorative frame around legend, and overprinted with "Issued under the law of necessity," a fitting characterization of the hard times in 1862. Fully signed and issued, and underrated to be sure. **Fine**. (\$250-350)

### Fabulous Franklin Bank Proof with Matching Vignette

- 3065 IL. Greenville. Franklin Bank. \$3. 1860s. (IL-345 G2). **Proof** on India paper mounted on card. **Haxby Plate Note**. Fabulous composition and ornamentation make this a classic American Bank Note product. This lovely proof is accompanied by a die proof of *The Milk Pail*, the central vignette on the note. Appropriately, an oval portrait of Benjamin Franklin also appears. This bank was open less than a year, from June 1860 to early 1861, and issued only \$3s and \$5s, according to Haxby. What a wonderful pair this makes for exhibition. ABN. (\$200-400)

### Extraordinary Franklin Vignette on SENC Note

- 3066 IL. Greenville. Franklin Bank. \$5. Jan. 21, 1860. (IL-345 G4a). Red protector outlines FIVE. Extremely rare and desirable vignette of Benjamin Franklin composing type at his print shop. This spectacular vignette finds a rendezvous with exquisite overall composition and extreme rarity, with no description of this denomination at all being available to Haxby. Certain to generate excitement among vignette collectors, Franklin aficionados, and collectors who appreciate the best that our hobby can offer. As mentioned in the previous lot, this bank lasted for less than a year, failing in 1861 with notes worth 84 cents on the dollar. Therefore, this note is likely to remain rare if not unique, forever. Solid and very presentable. ABN. VG-F, small internal splits. (\$250-350)

## Sharp Pike County Proof

- 3067 IL. Griggsville. Bank of Pike County. \$2. 1840s. (IL-355 G4a). Red 2 overprint. **Proof** on India paper. Hunter shoots white stag in forest at upper left. Pleasing top grade proof from this institution which lasted just four years. A \$3 proof was offered in Sale 268 and realized \$805. This \$2 note is every bit its match. DW. **Uncirculated**, light mounting traces on back. **(\$500-750)**

## One Year Bank

- 3068 IL. Houlton. Illinois River Bank. \$1. May 1, 1860. (IL-365 G2a). Red overprint outlines white ONE. **Haxby Plate Note**. Dynamic vignette of man hunting buffalo at lower right; portrait of young child, lower left. Another very rare institution that was open a little over one year, and the note certainly has the look of rarity. This note was worth 92 cents after the bank's failure. Not surprisingly, only a couple notes are known. At a small bonus, the cashier who signed this note is from the family of the town's founders. ABN. VG, small body hole at right. **(\$200-300)**
- 3069 IL. Hutsonville. Garden State Bank. \$5. May 21, 1860. (IL 380 R5). **Haxby Plate Note**. Men discuss cattle and sheep, center; young woman with dove, lower right. Raised from a \$1 note and rather convincing. Without the aid of a bank note reporter or experience in handling notes, this would have passed as a \$5 note. The Garden State Bank failed in a more severe fashion than most, with its notes being worth only 65 cents on the dollar. ABN. F-VF, trimmed in a bit at lower right. **(\$200-300)**

- 3070 IL. Jackson. Exporting Mining & Manufacturing Co. \$3. 1830s. (IL-395 G6). **Proof** on India paper. Side-wheel steamer, *Alton*, center; allegorical female standing, left. "Illinois" crossed out in pen. According to Haxby, a fraudulent institution. VF-EF, with portions backed, and light stains. **(\$200-400)**

- 3071 IL. Jackson. Exporting Mining & Manufacturing Co. \$5. 1830s. Unissued remainder. Early DeWitt Clinton train, top right; oval portrait of Jefferson, top left; Ceres in square, left; Washington in square, right. Similar to the previous note, but with no reference to the company controlling a bank. Rather, this note was payable at the Savings Bank of Louisville, Kentucky. Woodruff & Mason. **Fine. (\$150-250)**

- 3072 IL. Joliet. Oswego & Indiana Plank Road Co. \$1. Sept. 1, 1837. Train, top; Indian maiden, left; eagle with shield, right. Chartered by the state in 1849 with the objective of building a road from Joliet to the Indiana state line. The note has the handwritten notation that it is payable in current bank bills. An unissued \$2 note from Sale 265 yielded \$546.25. This fully issued note should be worth as much, or more. RWHE. **Fine**, with some age toning. **(\$200-400)**

- 3073 IL. Kaskaskia. Bank of Cairo. \$3. 1840s. (IL-435 G18). Proof on card. **Haxby Plate Note.** Sailing vessels on water, center; cattle, left; Washington, right. Kaskaskia was the first capital of Illinois, when this institution was chartered, but the capital was moved to Vandalia and then Springfield by the time it actually opened. The town was wiped out by flooding in 1881, when the Mississippi channelled a new route. The state line remained with the old riverbed, leaving the town west of the river, yet in Illinois. This nice proof is among the best examples to be found on this bank. UBSH/DU. Uncirculated, light and even age toning. (\$300-500)

### Featuring *The Crossing*

- 3074 IL. Lacon. Marshall County Bank. \$5. May 1, 1860. (IL-450 G6a). Bold red Five protector. **Haxby Plate Note.** Vignette *The Crossing*, as appears on the Confederate Montgomery \$500 note. A high grade note with great style and composition. This was another bank to survive only a year before failing, with its notes valued at 86 cents on the dollar after closing. A lower grade \$1 note sold in Sale 265 for \$517.50. A great exhibition piece. NBN. (\$250-350)
- 3075 A Set of Three Norton and Co. Scrip Notes. 1) Lockport. 5¢. Aug. 1, 1862. Large central numerals in red, with text and devices in blue. Chas. Shober, Chicago. F-VF. 2) 10¢. Aug. 1, 1862. F-VF. 3) 25¢. Aug. 1, 1862. F-VF. [3] (\$250-450)

Set of fully signed and issued scrip. Colorful and attractive.

### SENC in Haxby

- 3076 IL. Marion. Agricultural Bank. \$1. Apr. 1, 1850. (IL-465 G2). Cattle drive, upper left; portrait of young woman, lower right. A rather difficult bank, as only a single \$5 note is plated in Haxby for the entire institution. The bank failed in 1861, with notes worth 63 cents on the dollar. This \$1 note features bold pen signatures, date and number, along with even circulation. A classic Illinois rarity. Fine. (\$250-350)

### Dual Coin Vignettes

- 3077 IL. McLeansboro. E. I. Tinkham & Co's Bank. \$1. Oct. 1856. (IL-505 G2c). **Haxby Plate Note.** Seated female with sword, hand on silver dollar coin at left, upper left; train, bottom; reverse of Spanish 8 reales, lower right. This fascinating note transcends multiple areas of collector interest, being a coin note, a privately named bank, and an awesome Illinois rarity. Not only does it feature a classic silver dollar vignette, it has a piece of eight for added measure. The bank closed in 1862, but notes were redeemed at par, and very few escaped redemption. The \$2 note offered in Sale 268, also a dual coin note, brought \$1,150. WHHW VG-F, scattered pinholes, small internal splits, and a red stain at lower right. (\$200-300)

## Extraordinary Rarity

- 3082 IL. Monmouth. Warren County Bank. \$5. Nov. 9, 1859. (IL-535 G8a). Red FIVE overprint. **Haxby Plate Note.** Large vignette of bull's head at lower left; horses startled and running at lower right. This note could very well be the only representation of this bank to survive, as Haxby plates and describes only this particular note; all other denominations are SENC and without description. An Illinois rarity of the highest magnitude, and it is no wonder, with the bank being open only one and a half years before failing. The bank chose to secure its issues solely with Missouri state bonds, which offered no special protection when the financial markets were thrown into chaos in 1860. Noteholders were paid 70 cents on the dollar for notes on this bank. We are fortunate that this note escaped redemption - a very presentable example with which to remember this institution. **WHW. Fine.** (\$250-350)

- 3083 IL. Mt. Carmel. Citizens Bank. \$1. 1850s. (IL-550 G2). Red security underprint. **Proof** on India paper. Milkmaid and cattle, top; Ceres seated with sickle and sheaf of wheat, lower right. This proof was not among the several notes of this bank to come from ABN archives, being acquired by Herb and Martha in 1983. Nice full red tint makes this an attractive note. **BBC/BC. EF,** mounted on heavy paper, three vertical folds. (\$150-250)

- 3084 IL. Oxford. Mississippi River Bank. \$5. August 12, 1859. (IL-625 A15). Red FIVE overprint. **Haxby Plate Note.** Cattle and man by tree, train in distance, top; farmer carrying corn in basket, lower right. Altered from Thames Bank of Laurel, Indiana, the note lacks the look and feel of an authentic Illinois note. A good example of what forgers were willing and able to do. **WHW. Fine,** tiny chip out of the bottom, stamp hinge on back. (\$175-275)
- 3085 IL. Peoria. O.S. Dawson per C.S. Matteson & Co. 25¢-10¢-5¢. Nov. 21, 1862. Green vignettes and numbers. Unissued remainder. Uncut strip of three scrip note remainders, prepared for merchant O.S. Dawson, and to be redeemed by bankers C.S. Matteson & Co. Vignettes of Washington, Franklin and an eagle in green under text. ## Sharp Bank of Quincy Proof

- 3086 IL. Quincy. Bank of Quincy. \$5. 1850s. (IL-670 G8). **Proof** on India paper. **Haxby Plate Note.** Man with rifle, woman reloads behind, center; young woman in oval, lower right. The Bank of Quincy opened in 1856 in one of Illinois' most populous cities, and fell in 1861. A few issued notes are known in low grades, but the best examples are the few surviving proofs, such as this, where the vignettes are crisp and detailed. A \$1 proof from Sale 265 realized \$1,035, and a \$2 proof from Sale 268 brought \$1,610. **TC. Uncirculated.** (\$400-600)

## Rare Rushville Bank

- 3091 **IL. Rushville.** Rushville Bank. \$5. 1850s. (IL-715 G6). **Proof** on India paper. **Haxby Plate Note.** Two females seated flank large shield with eagle and smaller state shields, upper left; young woman with distaff converses with sailor and mechanic, lower right. Despite its problems, a rare note, perhaps represented only by one or two proofs. The Rushville Bank closed early, in 1857, but paid off at par. Therefore, notes on the bank are likely to remain rare. Three proofs in other denominations have been previously offered by us recently, bringing prices from \$431 to \$690. This fourth piece completes the offering of proofs. DW. F-VF, upper right corner re-attached; irregular punch cancels; stamp hinges. (\$300-600)

## Wonderful Title and Vignette

- 3092 **IL. St. Maries.** Bulls Head Bank. \$5. Mar. 9, 1859. (IL-725 G4a). Red frame, title, counters and protector. Large bulls head at center; young boy, lower left. Only in the field of obsoletes can a collector find such a diversity and intrigue in bank titles and vignettes. This is a scarce bank, also, open for only two years before failing in 1861, leaving this note worth \$3.50. A presentable and fascinating piece of Illinois banking history. ABN. VG-F, small internal splits. (\$250-450)

Printers proof from the revived chartered bank issue, with an open space for the name of the branch to be written in. A very sharp note and classic design for the period. Other recent offerings of ours of proofs from this series have yielded prices from \$632 to \$805. DT. Uncirculated, stamp hinges on back. (\$300-600)

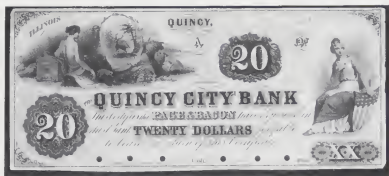

## Deceptive Raised Note

- 3094 **IL. Sparta.** Bank of Sparta. \$5. June 1, 1860. (IL-750 R5). Red frame and protector. **Haxby Plate Note.** Eagle with shield, top; Liberty, left. A bit of workmanship transformed a \$1 note into a \$5, and the effort seems to have worked, judging by the wear exhibited on this note. It would appear that issued notes are otherwise unknown from this bank, which survived the turmoil of the early 1860s and honored its notes at par. NBN. Good, scattered pinholes, rough top edge. (\$175-275)

## Page &amp; Bacon Proof

- 3087 **IL. Quincy.** Quincy City Bank, per Page & Bacon. **\$20.** 1850s. (IL-675 Unlisted). **Proof.** Certificate of Deposit per Page & Bacon. Allegorical woman gazes at shield with stag, upper left; Liberty seated with shield, right. A rare, high denomination note. Other denominations have been represented in our recent sales, bringing from \$460 to \$1,035. DB. EF, pinholes, mounting remnants, mottled age toning on front. **(\$200-400)**

Page Bacon & Co. was a private bank established by Daniel D. Bacon (1790-1869), formerly a director of the Branch of the Second Bank of the United States in St. Louis. He was one of the founders of the Boatman's Savings Institution in 1846 and in 1840 he established a private bank of Page, Bacon and Co., with his son-in-law, Henry P. Bacon. By 1854, the firm was probably the largest one in the Mississippi Valley, doing over \$80 million of exchange in a year.

The company got into difficulties when it became deeply involved in the buildings of railroads in Missouri into which it sank a considerable amount of its liquid capital. The office in St. Louis was closed after a run on January 15th, 1855, but re-opened again on February 9, 1855 with fresh funds. However, the San Francisco office in the meantime had been subjected to a devastating run, which was not helped by a falling out with Captain William T. Sherman, who was then working for the local office of the largest rival bank in the area.

## Rock Island Free Bank Proof

- 3088 **IL. Rock Island.** Rock Island Bank. **\$1.** Sept. 1, 1852. Sharp impression of the free bank version from this issuer. The bank opened in 1852 and survived until 1861, paying noteholders 50 cents on the dollar. Examples of the "Fraudulent Issue" have been presented in our recent sales, bringing from \$632 to \$977. These notes would make great companions with those. DB. **Uncirculated**, stamp hinges on back. **(\$500-750)**

## Rock Island \$2 Proof

- 3089 **IL. Rock Island.** Rock Island Bank. **\$2.** Sept. 1, 1852. Hope looks out to sea, top; early train, left; early steamboat, right. One of many varied issues from this bank, with a style that is easily identified as from the 1840s. DTL. (IL-775 G20). **Proprietary Modern Proof on card.** Indian draws bow, upper left; allegorical female seated in clouds with torch and eagle, top; Hope standing with anchor, right. A sharp, but modern impression made in recent years from the original plates. RWHE. Uncirculated. (\$400-800)

### Elegant NBN Product

- 3098 IL. Sullivan. Urbana Bank. \$3. October 13, 1856. (IL-785 G4a). **Red frame and protectors. Haxby Plate Note.** Young woman with cake, center; cattle, lower right. Superior composition in the hallmark of notes from this bank. A red tint adds a striking dimension. The bank emitted only \$2s and \$3s for a few short months in late 1856 before failing. After closing, this \$3 note was reduced to \$1.66. A proof version of this very note realized nearly \$3,000 in Sale 265, but a note such as this with typical wear will bring closer to the \$747.50 brought from an issued \$2 note in the same sale. NBN. Fine, some staining, mostly on the back. (\$300-500)

### Stunning National Bank Note Color Proof

- 3099 IL. Thebes. Canal Bank. \$5. May 1, 1860. (IL-810 G4a). Red frame, counter and protectors. **Proof on India paper.** Vignette *In Harbor*, at top; and *Homeward Bound* at left. This is the kind of note that every obsolete note collector loves. Elegant vignettes, superb composition, splendid use of color and choice condition combine to form an inspiring bank note. A few issued notes are known, but they are relatively low grade and can't compare with the clarity and vividness of this piece. One such issued \$5 note realized \$1,380 in Sale 265. This note has every reason to do better, more likely approaching the \$2,185 brought from a \$3 proof in Sale 268. NBN. Uncirculated, with very light mounting traces. (\$500-1,000)

### Rare Grand Prairie Bank \$10 Note

- 3100 IL. Urbana. Grand Prairie Bank. \$10. Apr. 22, 1856. (IL-825 G10a SENC). Red TEN overprint. Liberty and Indian warrior flank state die, top; two young farm girls hold sheaf of wheat aloft, left; young girl shades eyes with hand, lower right. A very rare high denomination note from this bank, which was open for five years starting in 1856. Upon closing, this note was reduced to \$5.50. The only note plated in Haxby is a well worn \$2 note, all other notes being listed SENC. As such, no better examples are likely to be extant from this bank, the only free bank located in Urbana. BC. VG, small piece out at top. (\$250-350)

## Classic Fulton Bank \$3 Note

- 3101 **IL. Vermont. Fulton Bank. \$3.** Dec. 1, 1859. (IL-835 G2a SENC). Red panel outlining THREE. Men herding hogs into pen, train in distance, center; young child, left. Only a lower grade \$5 note is plated in Haxby, which was part of Herb and Martha's collection and sold in Sale 268. The \$3 note is listed without description, which makes this the discovery note for the denomination. Unusually high grade for an issued note, with bold penned signatures. The Fulton Bank was open for just more than a year, in Vermont to the northwest of Springfield. This note was worth \$2.40 after the bank failed in 1861. Nearly impossible to improve upon and therefore worthy of a liberal bid. ABN. F-VF, small printing void at right end. **(\$750-1,250)**

- 3102 **A Group of Watuga Cash Store, W. S. Wood Scrip Notes.**  
 1) **Watuga. 5¢.** 1860s. Unissued remainder. Eagle at left; typeset woman in oval at right. **Uncirculated.** 2) **10¢.** 1860s. Unissued remainder. Ceres floating at left; farmer with horses at right. **Uncirculated.** 3) **25¢.** 1860s. Unissued remainder. Train at left; young girls in oval at right. **Uncirculated.** 4) **50¢.** 1860s. Unissued remainder. Two dogs at left; boy at right. **Uncirculated.** [4] **(\$200-300)**

Charming collection of remainder notes from the store of W. S. Wood. Not rare, but attractive nonetheless.

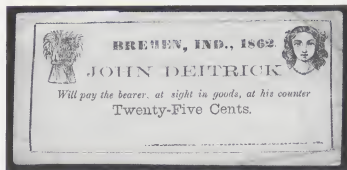

- 3103 **IL. Woodstock. Fuller Lohman. 5¢.** Oct. 10, 1862. Red text. Typeset, payable in U.S. currency when sums of one dollar are presented. The Woodstock Bank does not appear to be a state authorized free bank, but rather a private institution, which came to the needs of local merchants unable to make change in the absence of coin. A rare item, and likely to be a bargain no matter what it brings. **(\$200-300)**

## Wisconsin

3282 WI. *Two Scarce Notes, But With Condition Problems*. *Dubuque, Wisconsin Territory*. Miners Bank. \$5. (WI-125 G2). Train. Territorial imprint, below. Bank notes from this issuer show up in unissued and issued form. Based on the fact that they predate the 1839 reform eliminating free banking in Wisconsin, it is safe to assume a fair portion, if not all, of the outstanding notes went unredeemed. **About Fine**, trimmed off at the top. [2]

(\$250-500)

3283 A Group of Scarce, But Lower Grade Wisconsin Rarities.

- 1) WI. *Eau Claire*. State Stock Bank. \$1. (WI-155 S5). **Haxby Plate Note**. Woodsman chop trees. The town was originally named Clearwater, **Fair**, or so, with a piece out of the lower left corner, and a punch hole. 2) WI. *Fond Du Lac*. Bank of Fond Du Lac. \$1. (WI-190 G2a). Cattle. R-7. **Fair**, or so, missing the top, and the lower right portion. 3) No City Indicated. Savings & Exchange Bank. \$2. (WI-317 G4a). Red. Cattle. 'WISCONSIN' at the top. **Fair**, torn in half, and repaired with tape. Three small POCs. 4) WI. *Madison*. State Bank. \$1. January 1, 1853. (WI-390 G2). **Proof** on India paper mounted on card. Indian with horse and spear watches train. A representative of the first Wisconsin bank to organize after banking was reintroduced to Wisconsin in 1851. **Fair**, or so, portions of the lower corners missing, and torn at the center. 5) WI. *Watertown*. Jefferson County Bank. \$1. July 1, 1853. (WI-820 G2). Indian hands corn to settler, shield. **Fair**, or so. Pieces out of the right end. 6) WI. *Pepin*. Chippewa Bank. \$5. (WI-640 C4). Horses, train beyond. VG-F. [6]

(\$500-1,000)

3284 Bank of Wisconsin and Mineral Point Grouping. Issued by two of the more common banks from the obsolete territorial period. Established in 1835, the Bank of Wisconsin was effectively Wisconsin's first bank. The Panic of 1837 led to both its failure and dissolution and a general prohibition by the then Territory of Wisconsin which lasted from 1841 to 1853. Notes from Mineral Point, an early Wisconsin lead mining community, show up in a variety of forms, as post notes, with or without brown back designs. This is a pleasing group of the more common varieties, and we note that one of the tens appears to have been spuriously filled in, under circumstances unknown. This lot also contains the scarcer fifty dollar denomination. 1) WI. *Green Bay*. Bank Of Wisconsin. \$1. (WI-245 G2). Unissued remainder. Semi-nude woman, ship beyond. F-VF, small corner piece off. 2) WI. \$5. March 1, 1837. (WI-245 G8). Similar. Treaty of Prairie du Chien. **Good**, repairs. 3) WI. \$20. Nov. 1, 1834. (WI-245 G12). Similar. **Fine**. 4) WI. *Mineral Point*. Mineral Point Bank. \$5. January 1840. (WI-560 G2a). Eagle. VG, repairs. 5) WI. \$10. September 1847. (WI-560 G4a). Mercury sprinkles coins. VG-F, stains. 6) WI. \$10. December 1, 1839. (WI-560 G4). Similar. VF. 7) WI. \$20. June 1, 1838. (WI-560 G6a). Alchemist. 'On demand' crossed out. **Fine**, ink notation on back. 8) WI. \$50. June 1, 1838. (WI-560 G8a). Woman seated by brick oven. **Fine**. [8] (\$250-500)

3285 WI. *Kenosha*. Savings and Exchange Bank Kenosha R. Wells Grand Rapids MI. \$2. (Similar to WI-317 G4a). This is an interesting item; the note carries the denomination and counters of the photographed catalogued duce, WI-317 G4a, but it carries the locomotive vignette we associate with and which is pictured on the single of this spurious issue. An interesting new item for Michigan and Wisconsin collectors alike. **Fine** or so, with some scattered pinholes.

(\$300-600)

- 3286 **WI. La Crosse.** W. D. Banister. **5¢.** (WI 335 SC-1). First mentioned in 1805 by Zebulon Pike, industry in La Crosse began with the fur traders, who were soon dwarfed by lumbering, driven by the pines available thirty miles up the Black River. La Crosse became a city of middlemen, warehouses and forwarders, as well as commercial maritime firms. We sold a 10 cent scrip note on this merchant in our October sale, and a 25 cent piece of scrip which may have been on the same merchant or note. This piece has seen more wear than those pieces, and is listed as R-5 in Krause, a level of rarity we cannot dispute. **Good or so,** piece out of the lower left corner, and the right side is rough as well. Major elements are all there. **(\$300-600)**

- 3287 **WI. Milwaukee.** Farmers & Millers Bank of Milwaukee. **25¢.** (WI-460 SC5). Title arched across the top. 25 in circle in each corner. All blue. We told the intriguing story of John Nazro in our October catalogue, a Milwaukee hardware merchant born in Haiti in 1826 to merchant parents originally from Boston, MA. After his education in Boston, he moved to Milwaukee in 1847, rapidly becoming an established hardware merchant and, by 1857, both a Director and a Vice President of Milwaukee's Farmers & Millers Bank, the institution at which this is payable. While more poorly preserved than the October specimen, this note is rarer. The Krause reference lists a 25 cent scrip note payable at the bank, but of a different format and on a different merchant. **VG or so,** splits repaired with cellophane tape and backed in spots, still quite presentable from the front. **(\$600-1,200)**

- 3288 **WI. Milwaukee.** Bank of Milwaukee. **\$5.** (WI 495 G6). Unissued remainder. Sailor with flag. Bearing the unusual and early spelling of the city as "Milwaukie". These remainders are perhaps not as rare as the Krause reference estimated (R-6) when first issued. They are nonetheless rarely enough seen. **SHD - DSH, VF.** **(\$400-800)**

- 3289 **WI. Prairie Farm.** Knapp, Stout & Co. **5¢.** (WI-662 SC-1). Blue, brown back. Unissued remainder. Dispersal of the Schingoethe holdings has allowed a broad and generally lovely supply of this company's many issues to revisit the market. This charming Western Bank Note and Engraving product is just such an example and while we are somewhat surprised to find it rated an R 7 note in Krause, we know it will not be easy to find when the current holdings are gone. **Uncirculated. [4]** **(\$125-250)**

- 3290 **WI. Prairie Farm.** Knapp, Stout & Co. **25¢.** (WI-662 SC-5). Blue, brown back. Unissued remainder. **Stag. Uncirculated.** **(\$125-250)**

- 3291 **Richmond's Exchange Bank Pairing.** 1) **WI. Racine.** **\$1.** (WI-670 G2). Woman and eagle. **Fair-AG,** right end missing, backed. 2) **\$2.** (WI-670 G4). Women flank shield. Racine, the county seat of Racine County, was host to at least five note issuing banking entities, reflecting its trading and manufacturing history. These two notes are both grade-challenged but remain difficult enough to find. **Fair-AG,** Left end and other pieces missing. Taped splits. [2] **(\$300-600)**

- 3292 **WI. Rice Lake.** Knapp, Stout & Co. **25¢.** (WI-714 SC5). Green back. Train. The Rice Lake issues of this company's three issuing locales generally seem to be the most prevalent, suggesting the longer term success of this particular operation. **Fine.** **(\$125-250)**

- 3293 **WI. Rice Lake.** Knapp, Stout and Co. **50¢.** (WI-714 SC6). Eagle. **F-VF.** **(\$150-300)**

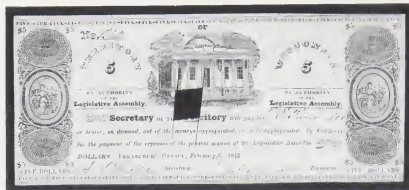

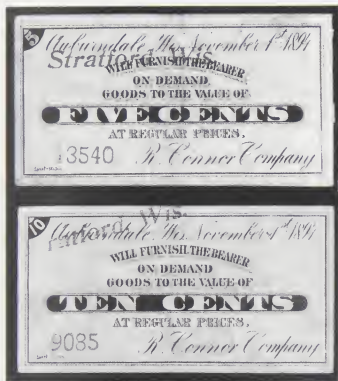

- 3294 1-2) **WI. Sinipee.** Marine & Fire Insurance Co. **\$1.** July 10, 1844. (WI-740 G8). Ships. Woman with rake. Cherub with anvil. **AU; Unc. 3) \$2.** (WI-740 G10). Two women flanked by medallion heads. Frequently seen notes, but nonetheless lovely, three notes issued from a Mississippi river locale with auspicious beginnings that were wiped out in a matter of days by malaria. Popular. **Uncirculated. [3]** **(\$350-700)**

- 3295 **WI. Sheboygan County.** City of Sheboygan. **\$1.06.** July 11, 1860. Tax Receipt. Printed form from County Treasurer's Office. **VG-F.** **(\$25-50)**

Wisconsin 1842 Territorial Scrip

- 3297 Dubuque. Territory of Wisconsin. \$5. Building. This example, and the following three notes represent an extraordinary opportunity to purchase the four known denominations [5, 10, 20, and 50 dollars] of what is called "1842 Scrip," all issued dated February 19th, 1842 by the Wisconsin Territorial Legislative Assembly. While a \$100 note [in similar format] has been reported, it is not reproduced in Krause, and the current catalogue has not observed one. These notes all show up as cut-cancelled, generally in the center of the note in such a fashion as to cause a small piece of the note to fall away as missing. This is the case with each of the present offerings: Uncirculated, COC. (\$600-1,200)

- 3298 Dubuque. Territory of Wisconsin. \$10. Eagle. Uncirculated, COC. (\$500-1,000)

- 3299 Dubuque. Territory of Wisconsin. \$20. Eagle. EF-AU, COC. (\$600-1,200)

- 3300 Dubuque. Territory of Wisconsin. \$50. Building. F-VF, Lower left corner off, other corners are rounded. (\$750-1,500)

- 3296 Very Rare Stratford, Wisconsin Pairing. 1) WI. Stratford rubber stamped over Auburndale. R. Connor Company. 5¢, November 1, 1894. (WI-766 unlisted). Green and red backs. Denomination in the upper left corner only. F-VF. 2) 10¢, F-VF. 3) A slip of paper with the statement described below on one side, and a notation on the other side that says "FRANK B. FULMER and Margaret E. Bucklin July 8, 1896 if you remember Schofield Wis." [3] (\$1,000-2,000)

A very rare pair, made all the more interesting by an accompanying document which reads, "This is a sample of the reason why I sold out at Stratford I could not stand the presence of above money which was the circulating medium for doing business." The two included notes began life as Auburndale Scrip issues [SC1 and SC2] but differ from all of those notes known to this catalogue by virtue of "Stratford, Wis." being stamped on each of them, effectively overprinting the original "Auburndale, Wis." place of issue. Traces of what appears to have been a similar note or notes glued to the paper remain, but the two enclosed notes are undamaged. We sold a five cent Auburndale issued note on this bank in our December sale, and indicated at the time our awareness of at least another pair; none of those bear this overprint. The "original" notes are rated R-7 in Krause and likely to remain so; these overprinted notes are not listed.

# HINTS FOR BIDDING

By Fax or Mail

**B**idding in auctions can sometimes be a real challenge, but bidding by mail presents its own set of issues. Many dealers and collectors are not able to appear at auction in person, yet want to participate in the bidding process. Experience has taught us ways to minimize frustrations, and maximize results for those bidding by mail, and we would like to share some of those ideas with you. Here are the questions we are asked most often, and some of the suggestions we have made to bidders submitting mail bids. We think they will save you time and money, as well as help you win lots you might otherwise miss.

**"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."**

Lots are available to be viewed at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics or scripophily than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't view items personally, here is how we can help you get a better idea of what you are bidding on:

- 1) Call us, and we will be happy to have one of our experts describe any lot you ask about.
- 2) We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge. We can also scan items and email images.
- 3) If you have established credit with us, we may be able to ship lots to you for direct viewing.

Please realize that requests for phone assistance, for copies or for shipping lots directly to you must be arranged well in advance of the closing date of the sale, and that a cost may be charged for these services.

**"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."**

There is an easy way to solve this problem. It is called a "limit" bid sheet. Let's look at an example. Mr. Smith collects Confederate notes, and he sees that there are

over thirty lots he would like to buy. His budget is \$1,000, but the estimates on the thirty lots he likes add up to well over \$5,000. If he bids on all thirty, he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a \$100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet. Here is how it works:

Mr. Jones has the same collecting interests as Mr. Smith. He has the same \$1,000 budget. Mr. Jones bids on all thirty lots he is interested in. He writes at the bottom of his bid sheet "Please limit my total winning bids to \$1,000." Every time Mr. Jones wins a lot, we keep track of his total spending. When the total reaches \$1,000, we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

**"What if there are three similar lots, and I only want one?"**

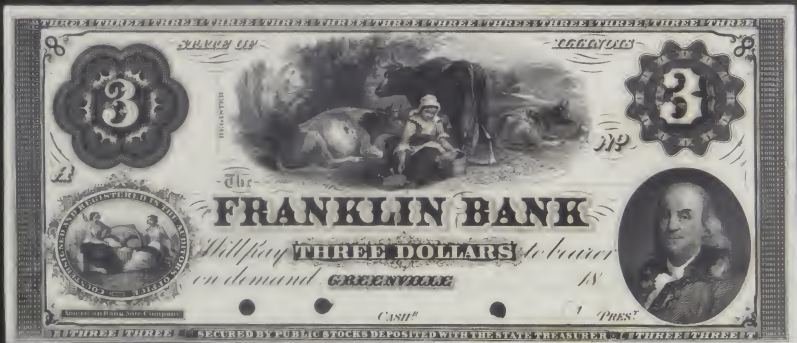

"#101 OR #102 OR #103 at \$200" will work perfectly.

**"I bid \$30 on a lot that was estimated at \$100, and I didn't get the lot. Later, when I got the Prices Realized, the lot was reported as unsold. Why didn't I get the lot?"**

The Terms of Sale state that bids less than 60% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.
